2024-2025 Annual Meeting Committee

CHAIRS

Mohamed Abdelghani
MBBCh, MSc, FRCPsych, FCTMSS
London, United Kingdom

Mehmet E. Dokucu
MD, PhD, DFAPA
New Hampshire, United States

Plans and hosts the Society's Annual Meeting.

Current Activities

- Continue the purposeful expansion of speaker diversity.
- Review and finalize the speaker selection process through collaboration with other CTMSS committees and other avenues.

The Annual Meeting of the Clinical TMS Society provides a unique opportunity for you to connect with an international gathering of TMS providers and researchers.

- Two information packed days
- Product displays
- Networking discussions
- Renowned speakers
- Cutting-edge research presentations
- Poster sessions

SEE YOU IN 2025!

2024-2025 Clinical Standards Committee

**C
H
A
I
R
S**

Daniel M. Blumberger
MD
Ontario, Canada

Joseph J. Taylor
MD, PhD
Massachusetts, United States

Creates and maintains treatment guidelines for clinical practice.

Current Activities

- Create guidelines for management of TMS patients with co-occurring substance-use disorders.
- Create guidelines for repeat MT's.
- Apply the GRADE system for TMS.
- Create Device Clearance Table.
- Treatment Extension Clarification.

2024-2025 Education Committee

CHAIRS

Steve Harvey
MD, FCTMSS
Missouri, United States

Carlos Lowell
DO
Ohio, United States

Creates an educational resources that integrate diverse backgrounds of clinical based expertise and promote multidisciplinary applications of TMS.

Current Activities

- Create an online bibliography for members.
- Create a Functional Neuroanatomy & Connectivity slide deck.
- Create an educational slide deck for TMS Techs & Nurses.
- Create an educational slide deck for MA/PhD level therapists.
- Develop a Neuromodulation Fellowships Resource.
- Create slide deck videos.

2024-2025 Insurance Committee

CHAIRS

Shelly Lahn
MBA
Florida, United States

Carlene MacMillan
MD, FCTMSS
New York, United States

Develops strategies to expand insurance coverage for TMS services across the nation.

Current Activities

- Develop and deploy resources for CTMSS members.
- Advocate for payer coverage of TMS for Adolescents.
- Increase payer coverage of accelerated TMS.
- Working with commercial and government payers, external stakeholders, the APA, and the AMA to increase access to fairly reimburse TMS in accordance with parity laws.
- Seeking opportunities to contribute to non-US groups regarding reimbursements.
- Increase Medicaid coverage throughout the US

2024-2025 Legal, Business, & Ethics Committee

CHAIRS

Jonathan Becker
DO
Tennessee, United States

Ian A. Cook
MD, DLFAPA, FCTMSS
California, United States

Manages all legal, business, and ethical issues related to the Society.

Current Activities

- Create Code of Ethics for TMS Technicians.
- Develop primer of ethics for Society members.
- Review and harmonize the Bylaws/Policy and Procedures and ensure they align with the Society's mission and goals.

2024-2025 Membership & Outreach Committee

CHAIRS

Samir Ibrahim

OAM, MBCHB, MPsyCh, FRANZCP,
FCTMSS

Victoria, Australia

Nicholas A. Mischel

MD, PhD

Michigan, United States

Promotes the value and expansion of membership and serves as the communication liaison between the Society, the members, and the public.

Current Activities

- Increase diversity in membership.
- Launch the Mentorship Program.
- Improve digital outreach.
- Increase membership retention.
- Increase outreach to other societies.

2024-2025 Research Committee

CHAIRS

Angela Broida

PhD

California, United States

Shan Siddiqi

MD

Massachusetts, United States

Reviews current and past applicable research to keep the Society members informed of new research developments.

Current Activities

- Increase number of Special Interest Councils.
- Create a resource of rating scales useful for TMS outcome measures for members.
- Generate a list of open journal club meetings.
- Establish a TMS Journal Club specific to the CTMSS Journal.
- Assist in the first publication of the CTMSS Journal
- Increase the number of Annual Meeting abstract submissions

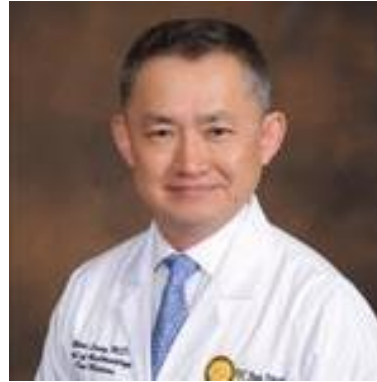

2024-2025 TMS Training Committee

CHAIRS

Leo Chen

PhD, FRANZCP, MBBS
Melbourne, Australia

Albert Leung

MD
California, United States

Oversees in-person and online training courses.

Current Activities

- Adapt PULSES course structure for content and growth.
- Committee administration and organization.
- Additional pain course content.
- Improve PULSES advertising/promotion
- Review PULSES Director role.

Opportunities for Members to Participate:

- ✓ Liaisons to Other Organizations
- ✓ Special Interest Councils
- ✓ Mentorship Program
- ✓ Journal Contributions
- ✓ Journal Club
- ✓ Grand Rounds Webinars
- ✓ PULSES courses
- ✓ Town Halls

AMERICAN
PSYCHIATRIC
ASSOCIATION

CLINICAL
TMS
SOCIETY

- **Clinical TMS Society has representation at the APA Assembly**
- **Sam Huber, MD, now is on the Assembly Committee of Representatives of Subspecialties and Sections (ACROSS)**

Sam Huber
MD
2024-25 APA ACROSS REP

Liaisons to Other Organizations

- The Society is in the process of building a plan for other liaison positions, like the APA ACROSS Representative. The idea is to expand Society connections through other organizations which are geographically located (Singapore, Taiwan, Australia, UK) or specialty based (nurse practitioner organizations, pain specialists, neurology).
- The next step in the process is to define roles and create policies and procedures around the positions.

Society members can establish and join Special Interest Councils (SIC) focusing on specific topics or regions. These councils serve as engaging forums where members can participate in Society outside the scope of committees and the board.

Tracy Barbour

MD

Member-at-Large

Massachusetts, United States

Requirements:

- Members of CTMSS may form or participate in one or more SIC
- A SIC member must be a current member of the Society
- Each SIC must maintain a minimum of three council members

Information on how to join or form a SIC can be found here:

<https://www.clinicaltmssociety.org/node/12962>

TMS Mechanisms Special Interest Council

**L
E
A
D**

Eric Goldwaser

DO, PhD

New York, United States

Mission:

To evaluate and disseminate the evidence for how TMS therapeutically changes the brain.

Meeting Information:

Meets quarterly via Zoom, more frequently as needed.

Contact Council Lead for more information:

Dr. Eric Goldwaser

bxt9001@med.cornell.edu

TMS Parameter Space Special Interest Council

**L
E
A
D**

Sean O'Sullivan
MD, PhD
Texas, United States

Mission:

To map out the infinite space of TMS parameters with quarterly reviews published in *Transcranial Magnetic Stimulation: A Journal of the Clinical TMS Society*.

Meeting Information:

Meets quarterly via Zoom, more frequently as needed.

Contact Council Lead for more information:

Dr. Sean O'Sullivan

sean.osullivan@utexas.edu

Interventional Psychiatry Training Special Interest Council

**L
E
A
D**

Mehmet Dokucu

MD, PhD

New Hampshire, United States

Mission:

Synchronize and coordinate with national residency programs and field leaders to develop interventional psychiatry training fellowships (post-residency) and incorporate TMS training and experience into psychiatric residency programs.

Meeting Information:

Meets quarterly via Zoom.

Contact Council Lead for more information:

Dr. Mehmet Dokucu

Mehmet.E.Dokucu@hitchcock.org

Perinatal TMS Special Interest Council

**L
E
A
D**

Angela Broida

PhD

California, United States

Mission:

The Perinatal TMS Treatment Council will share experiences related to TMS treatment for individuals undergoing TMS treatment during any perinatal period, while also sharing the ongoing data collection and use of our TMS + Pregnancy Registry.

Meeting Information:

Meets on the third Thursday of the month at 12:30pm Pacific Time via Zoom.

Contact Council Lead for more information:

Dr. Angela Broida

abroida@mednet.ucla.edu

TMS, Ketamine, and Psychedelics Special Interest Council

**L
E
A
D**

Erin Amato
MD, FCTMSS
Montana, United States

Mission:

To cultivate a collaborative community of practitioners specializing in TMS who are also engaged in the study and application of novel treatments such as ketamine, esketamine, psychedelics, and MDMA with the aim to advance the field by fostering dialogue and sharing knowledge.

Meeting Information:

Meets monthly via Zoom and will meet at the Annual Meeting.

Contact Council Lead for more information:

Dr. Erin Amato
ebamato@hotmail.com

TMS for Adolescent Mental Health Special Interest Council

**L
E
A
D**

Roger Pottanat

MD

Massachusetts, United States

Mission:

To review the latest research relevant to the use of TMS for adolescents, share clinical experience and remain educated on current FDA- clearances and insurance approvals.

Meeting Information:

Meets via Zoom once every two months.

Contact Council Lead for more information:

Dr. Roger Pottanat
rpottanat@mgb.org

Evolving TMS with Advanced Data Special Interest Council

**L
E
A
D**

John Tumeh

MD

Georgia, United States

Mission:

To expedite collaboration among TMS practitioners in analyzing patient treatment outcomes through data exchange and generation of valuable data insights to accelerate advancements in TMS treatments while adhering to the PHI data requirements.

Meeting Information:

Meets quarterly via Zoom.

Contact Council Lead for more information:

Dr. John Tumeh

drtumeh@foundationpsychiatry.net

Asian Special Interest Council

**L
E
A
D**

Galen Hung

MD

Taipei, Taiwan

Mission:

Asian countries face unique challenges in incorporating TMS into current health services, including cultural, regulatory, and reimbursement barriers. The Asian Special Interest Council (SIC) aims to support and promote the use of TMS among society members, whether from Asian regions or of Asian ethnicity.

Meeting Information:

Meets monthly via Zoom.

Contact Council Lead for more information:

Dr. Galen Hung

galenhung@blossomclinic.org

Australian Special Interest Council

**L
E
A
D**

Samir Ibrahim

OAM, MBCHB, MPsyCh,
FRANZCP, FCTMSS
Victoria, Australia

Mission:

Bringing the TMS Clinicians in Australia closer to the high academic and research standards of the CTMSS and allowing opportunities of collaboration in research in the field of TMS.

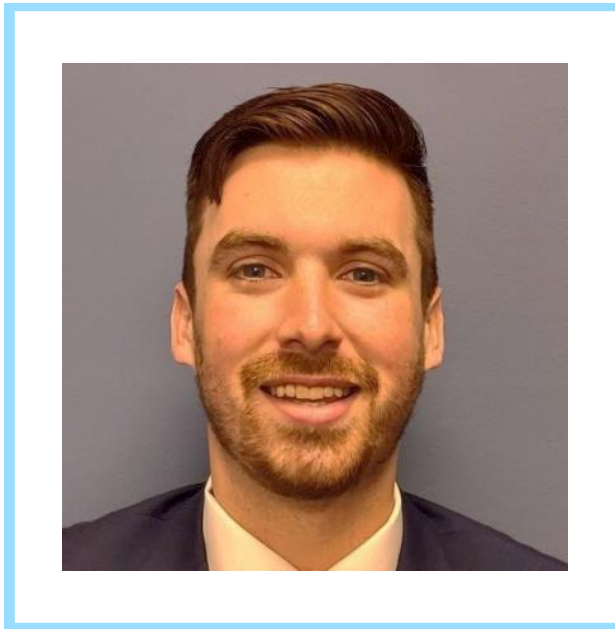

Meeting Information:

Meets quarterly via Zoom.

Contact Council Lead for more information

Dr. Samir Ibrahim

samir.ibrahim@ymail.com

Mitchell Ramsey
Mentorship Program Lead
Florida, United States

The aim of the Mentorship Program is to meaningfully connect members interested in growing their TMS knowledge and skills with those more experienced to foster access to quality clinical practices, professional development, and supporting education.

Four categories:

- Resident, Medical Student, Trainee
- Clinician starting a new practice
- TMS Coordinator/Technician
- TMS Research

The Mentorship Program is a six-month program, but the mentor/mentee relationship can extend beyond if both parties are in agreement.

Become a Mentee:

- Boost TMS knowledge & skills
- Advance your career
- Ensure quality care
- Connect with the TMS community

Become a Mentor:

Mentors can share their expertise, support the next generation of professionals, and gain fresh perspectives through this program.

Mentee Application:

<https://www.clinicaltmssociety.org/form/clinical-society-mentee>

Mentor Application:

<https://www.clinicaltmssociety.org/form/clinical-tms-society-mentorship->

TRANSCRANIAL MAGNETIC STIMULATION

Journal of the Clinical TMS Society

CLINICAL
TMS
SOCIETY

Submission categories include:

Type	Description
Original	Data or analyses including clinical or scientific, prospective or retrospective.
Review	Systematic Reviews and Meta-Analyses. Narrative reviews by invitation.
Clinical Report	Novel descriptions of clinical cases/reports requiring full length articles.
Short Communication	Brief data or analyses including clinical or scientific, prospective or retrospective.
Case Series/Report	Novel descriptions of case(s) fitting TMS aims and scope (i.e., safety, effectiveness.)
Letters to the Editor	Correspondence regarding TMS advances published in TSM or elsewhere.
Commentary/Reply	Typically by invitation regarding published findings of interest to the field.
Editorial	Invited by Editor-in-Chief.
Announcements	News from Society and Committees (e.g., FDA-cleared indication, policy change, etc.)
Abstracts	Annual Meeting Abstracts.

We are delighted to announce that the Society's new journal, Transcranial Magnetic Stimulation, is open for submissions.

The Grand Rounds Webinar Series

October 1, 2024

Apples and Oranges: Comparative Effectiveness Research in TMS for Depression

Presented by
Mehmet Dokucu, MD, PhD,
DFAPA

Moderated by Steven Harvey, MD, FCTMSS

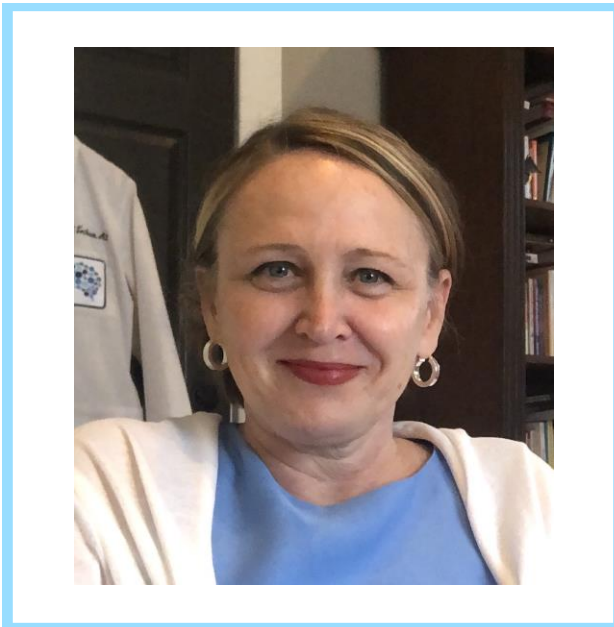

**Prior Grand Rounds are Available On
Demand**

Topics Include:

- Electroconvulsive Therapy
- TMS in Pediatrics/Neurodivergence
- Controlling Brain State Variability
- TMS Targeting
- Vagus Nerve Stimulation
- TMS in PTSD
- Bipolar Disorder and TMS

**One CME Credit Available
for Each Webinar**

TUESDAY OF EVERY
MONTH**

Michelle Cochran
MD, DLFAPA, FCTMSS
PULSES Course Director
Tennessee, United States

**PULSES: The Clinical TMS Society
International Certification Course**

PULSES training events offer a valuable introduction to TMS for providers and technicians.

- Over 2 hours of hands-on training delivered by the PULSES faculty
- Receive current, historical, and practical knowledge for treating patients with TMS
- Earn a certificate of completion
- CTMSS offers scholarships for each PULSES course

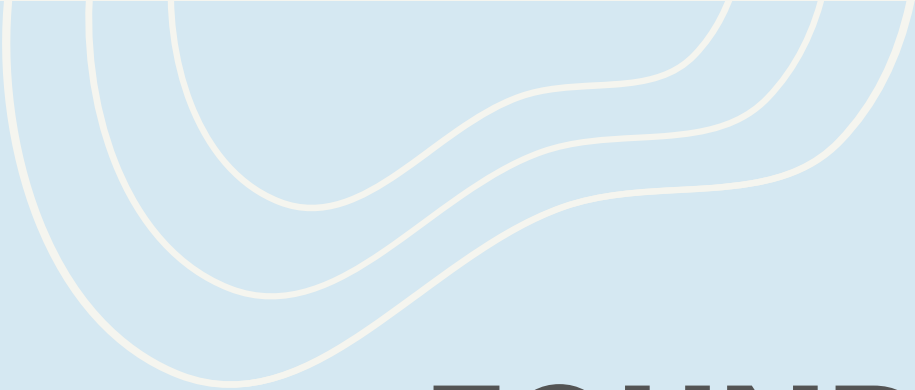

Upcoming PULSES trainings:

- PULSES Scottsdale, October 18-20, 2024
- PULSES Orlando, Spring 2025
- PULSES San Diego, June 2025

**FOUNDATION
FOR THE ADVANCEMENT OF
CLINICAL TMS**

HARNESSING AND FURTHERING THE POWER OF TMS TO TRANSFORM LIVES

Our Mission:

Our mission is to raise awareness and educate about transcranial Magnetic Stimulation (TMS) therapy, while expanding access worldwide to this life-saving treatment.

Our Vision:

To see a world where TMS is a widely accessible and effective treatment for those in need, offering hope and healing where traditional methods have fallen short.

OUR IMPACT

Neil S. Hirsch TMS Center

- First FACTMS Sponsored TMS Clinic
- Opened in May 2024 at Kitsap Mental Health Services
- Through July 2024, 44 patients have been referred, 32 are scheduled for evaluations and 9 are currently receiving treatment.

Bob Sammons Clinical TMS Research Grant

- Provides funding up to \$25,000 for 2 years
- Awarded the first grant, June 15 to Xiaolong Peng, PhD from MUSC

Patients & Pioneers

FOUNDATION
FOR THE ADVANCEMENT OF
CLINICAL TMS

October 19 | Hilton Scottsdale Resort & Villas

- We will honor those research and clinical pioneers who made TMS therapy a reality, as well as celebrate the individuals whose lives have been transformed by the treatment.
- Dr. Owen Muir and Dr. Carlene MacMillan will speak to the transformative impact of TMS therapy and their own personal experience as a clinician and patient.
- A patient will detail her mental health journey and how accelerated TMS protocols saved her life.
- Proceeds will benefit the Patient Assistance Fund which provides grants to TMS clinics so they can help eliminate barriers to treatment.

October 19, 2024

Clinical TMS Society Member Benefits

	Access to articles on cutting-edge research and the latest developments in the TMS field.
	Registration discounts to the CTMSS Annual Meeting, educational workshops, and monthly grand rounds webinars. <i>Grand Round Registration FREE to student members.</i>
	Inclusion in the CTMSS Member Directory that helps members connect with other members across the world.
	Mentoring networks and career development sessions at the Annual Meeting.
	Access to research affinity groups and research mentorship through the Research Committee.
	Inclusion in the CTMSS "Find a Provider" database that helps patients find you.
	Exclusive access to the members-only portal that allows you to post your practice questions.
	Access to the Clinical Standards Statements, Insurance Appeals Letters, and Recommended Insurance Coverage Policies.

	Subscription to the members-only TMS Today communications.
	Access to leadership opportunities on the CTMSS Board of Directors
	Access to leadership opportunities on committees.
	Discounts on advertising opportunities.
	Opportunities for networking and collaboration.
	Job postings on the CTMSS website.
	Access to member-exclusive workshops and roundtables at the Annual Meeting.
	Opportunities for submission to the CTMSS Annual Meeting and publication in the Journal of Neuromodulation.

**And mostly,
 lots of
 FUN!**

Membership Renewal Schedule

The CTMSS will be moving from anniversary-based membership renewals to an annual membership cycle.

The benefits of doing so:

- Consistency in revenue and budgeting projections
- Improved member retention
- Reduction in administration tasks as related to lapsed memberships

Timeline:

- Renewal invoices will go out November 1
- Current members who have already paid will receive pro-rated dues as they transition to the annual membership cycle
- New members joining in November and December of any year would receive those two months free, giving them membership for a 14-month cycle

Q&A
