Member	Karen Giles, MD	<input checked="" type="checkbox"/>	Member	Jonathan Schwartz, MD	<input type="checkbox"/>
Member	Todd Hutton, MD, DLFAPA, FCTMSS	<input checked="" type="checkbox"/>	Non-Voting Member	Rebecca Allen, MD, MPH, FCTMSS	<input checked="" type="checkbox"/>

### Staff

Staff	Kami Risk	<input checked="" type="checkbox"/>	Staff	Jesse Howard	<input type="checkbox"/>
Staff	Rebecca Renner	<input type="checkbox"/>			

#### I. Call to Order

M. Dokucu called the meeting to order at 6:06 PM ET.

#### II. Introductions

M. Dokucu facilitated introductions for the new committee members and thanked those committee members who rotated off.

#### III. Discussion Items:

The committee reviewed the 2025 Annual Meeting survey results, noting that 20% of respondents attended due to missing the previous London meeting. It was also noted that the response rate for the survey was high. Members reviewed the suggested topics from the survey, noting that the most mentioned topics were accelerated protocols, clinical issues, updates on the literature, PTSD, bipolar depression, and pain. It was noted that the updates on the literature session, as done by Linda Carpenter at the 2025 Annual Meeting, was very well received and should be considered again. Additionally, the Q&A session at the end of the meeting is also a popular session with positive feedback from attendees.

# The Clinical TMS Society

Annual Meeting Committee

Meeting Minutes

Date: 8.5.25

Time: 3:00pm (PT)/5:00pm (CT)/6:00pm (ET)/11:00pm (BST)

---

The committee also discussed potential speakers for the 2026 Annual Meeting. It was noted that Alvaro Pascual-Leone was unable to attend the 2025 Annual Meeting but should be considered again for the meeting. Additionally, it was noted that S. Wilson has preemptively agreed to do a review of the literature on TMS and schizophrenia.

The committee reviewed the symposium submission form and noted the different submissions required for the chair and participants. As this will be a new submission type for the Society, it was emphasized that there needs to be multiple resources to assist submitters, including an example submission and a user guide. It was also noted that including the new submission type will increase the variability in the styles and types of talks that are presented at the Annual Meeting.

#### **IV. Adjournment**

M. Dokucu adjourned the meeting at 6:44 PM ET.

*The next committee meeting will be held on September 2<sup>nd</sup> at 3pm PT / 5pm CT / 6pm ET / 11pm BST.*
